1-Year Warranty

3/4" Crown Valance

Heavy Duty Metal,
High Profile Headrail

Static Resistant Slats
Won't Warp or Crack

Child-Safe Cordless Design

All widths are 1/2" less than
stated size to allow for inside mounting.

THE BEAUTIFUL LOTUS & WINDOWARE 2" FAUX WOOD BLIND OFFERS THE WARM LOOK OF WOOD AT AN AFFORDABLE PRICE.

The 2" Faux Wood Blind is engineered using a unique steel headrail with new memory flexibility technology making it more durable. The specially engineered hollow bottomrail makes operation smooth and holds slats in perfect alignment.

Our 2" Faux Wood Blind is made of a static and fade resistant synthetic material that won't crack, split or warp. The 2" Faux Wood Blinds are easy to clean so they're great for kids' rooms. The elegance, low maintenance and affordability of our 2" Faux Wood Blind makes it the perfect compliment to any window.

Faux Wood Blinds

Create a Home-like Feel From a Commercial Product

Faux Wood blinds from SWFcontract are a shading solution that feature the look and feel of classic wood blinds for projects where traditional wood blinds are not recommended or allowed. Faux Wood blinds offer superior durability, moisture resistance, and safety by meeting the fire rating requirements of NFPA 701.

All Faux Wood blinds are backed by a Limited Lifetime Warranty ensuring years of dependable operation.

**Faux Wood Will Not
Warp - Fade - Crack - Splinter**

SWFcontract is part of the commercial division of Springs Window Fashions, an industry leader in window coverings since 1939. SWFcontract has unmatched experience with our window coverings installed in more than one million commercial applications throughout North America.

SWFCONTRACT™

Blind Systems

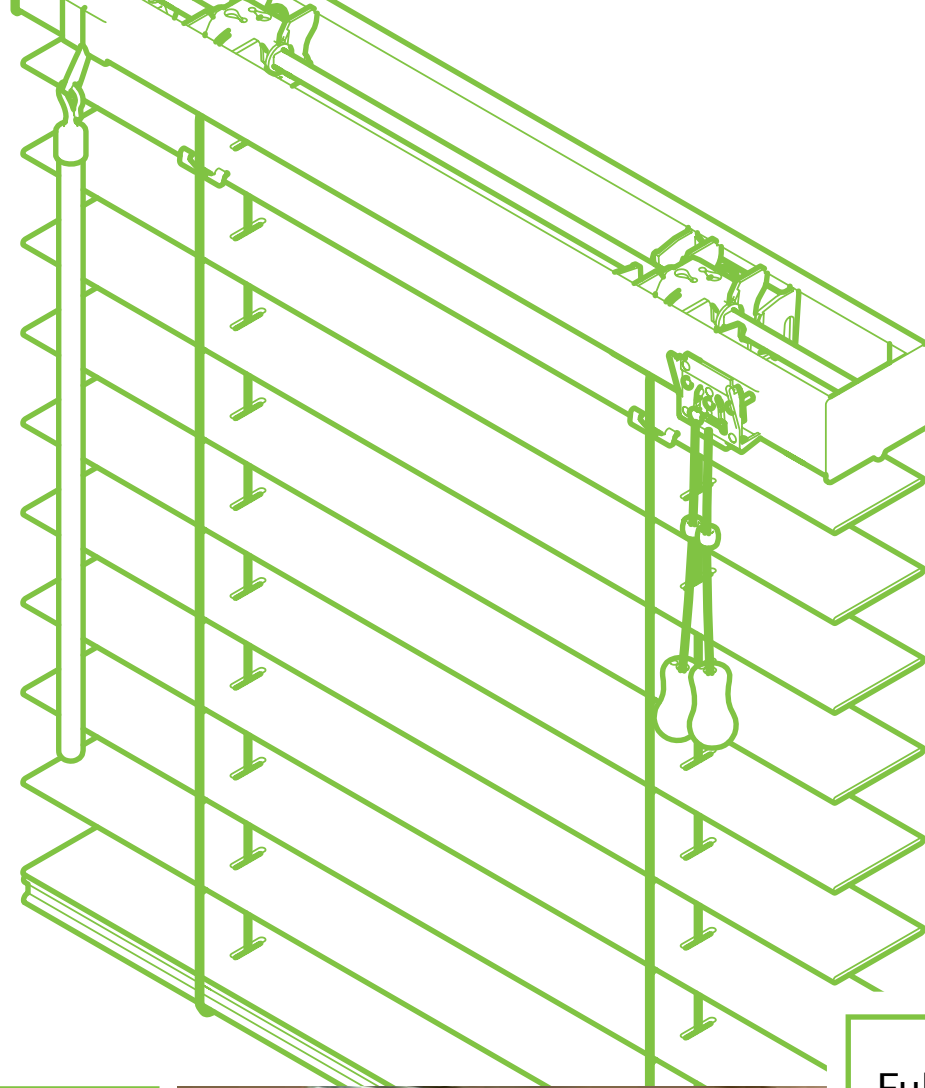

Faux Wood blinds from SWFcontract provide the look and feel of natural wood and are available in a wide selection of solid and wood-tone colors and textures. Made of engineered polymers, Faux Wood blinds will maintain their shape and color and are ideal for high humidity or traffic areas. Faux Wood blinds provide additional safety by meeting the fire rating requirements of NFPA 701.

Faux Wood

Simulates the look of natural wood but are offered in contemporary light hues of white to light grey.

Premium Faux Wood

Engineered to replicate the look of natural, stained wood by incorporating natural wood tones and texture.

Features

Textured Wood Grain

Available on select solid colors to replicate the look and feel of natural wood. Contact your representative or call 800-327-9798 for details.

Steel Headrail

Tough, durable, and recyclable steel headrail is standard on all Faux Wood and composite blinds.

Cordless Lift

Raise and lower blinds with fingertip control eliminating the need for cords.

Cutouts

Available to custom fit around built-in architectural features.

Crash-proof Cordlock

Immediately stops blinds from lowering if cord is suddenly released.

NoHoles™ Privacy and Light Blocking Slats

Slat holes are eliminated to provide superior light blocking and privacy when closed.

Not all features available on all systems.

See full included features on next page →

GreenGuard Gold Certified Faux Wood blinds with low chemical emissions and are acceptable for use in schools, healthcare facilities, or other locations with people who have sensitive or compromised respiratory systems.

Full-line of Horizontal Blinds Available

Aluminum

Provide an attractive, long-lasting and highly effective way to control daylight. Aluminum blinds are available in a wide range of colors, designs, and textures.

Vinyl

The ideal solution for projects where tighter budgets are a consideration, while still enhancing design intent and providing long-lasting performance.

Natural Wood

Providing the classic look sought after in historical preservation projects. Our wood blinds are made from North American hardwood grown using sustainable forestry practices.

Free Swatches
